THE COMMERCIAL WAREHOUSE COMPANY: NEW YORR, July 28th. The Secretary of the Commercial Warehouse Company, which failed to-day, says the liabili-ties may amount to \$1,500,000. The company has assets worth \$4,000,000, which are not available. It will be two weeks before a full statement will be submitted. The company has been in a precarious position for some time past, and latterly the firm usked the creditors for an extension of four months, with two per cent, which was refused and the suspension followed. The company does a large business in making advances on goods which are stored in sixteen large warehouses. These goods are now left on their bands. The company had been making injudicious advances on Cuban honds, which helped to precipitate the crisis in their affaire. Their bills payable are of a small

CHICAGO, July 29th. Nearly a month ago the Comptroller of Chicago sent to Duncau, Sherman & Oc. \$100,000 to pay the principal, and a considerable sum besides this to pay the interest on the city debt held in New York. The opinion of the Law Department has been asked by Comptroller Hayes as to whether the city must stand the loss. The opinion of the Department is that inasmuch as the money was placed in Duncan. Sherman & Co.'s hands nearly thirty days ago, that the bolders of the city bonds had time enough to be notified of the fact, and so the bondholders must be held liable as if the amount was their own deposit with the firm Still, it may be doubtful whether those who had not been made aware of this and drew the amount due will be responsible and the city not. In view of this the Comptroller will call the attention of the Connoil to the matter, asking them to decide whether he shall consider the city or the bondholders the losers."
